Changing the world of work for the better

HIGHLY-TRAINED SUPPORT TEAMS

When businesses choose IWG, they're not simply choosing a workspace, they're choosing our people. Our dedicated teams take care of all the essentials, enabling you to focus on your business.

OUR BEAUTIFULLY DESIGNED LOCATIONS

With locations in practically every country, city, town and transport hub, and options ranging from an hour's coworking to multi-year office space leases, we enable people and businesses to work where, when and how they want.

High-end Security and Safety

BUILDING SECURITY

- 4 levels of physical security in every location with access card/security key (Building, Floor, Office, Furniture)
- Video monitoring around building, parking and common areas of most locations
- Staffed lobby and reception
- Digital locks with audit trail in all new IWG locations
- All furniture is lockable with locks in the possession of customer

DATA SECURITY

- Network access only provided to authorised devices
- Private Network with traffic segregation for each customer
- Recorded audit log of device and network access
- Network monitored 24/7 for intrusion attempts, malicious activity and abuse
- Ongoing external penetration testing to improve security systems

EMPLOYEE SAFETY

- Meeting WHO's health & safety workplace guidelines across entire IWG network
- Predominately displayed signage throughout each location encouraging six-foot buffer zones
- De-densified workspace to position people at least 6 feet from each other
- Enhanced hygiene through frequent cleaning and availability of sanitizer

How we provide a safe working environment

ENSURING YOUR TEAMS GET BACK TO WORK QUICKLY

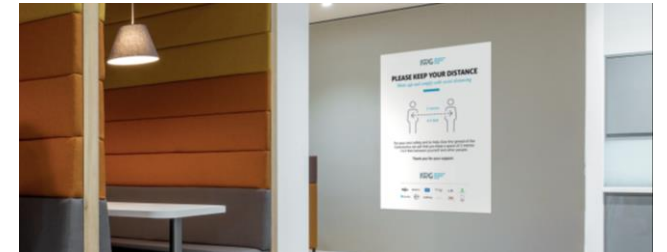

- The agility to move fast with flexible workspace solutions designed around your organisation's needs
- We are here to help you and your teams get back to work as fast and as cost-effectively as possible.
- Across 3,500 locations, we provide a safe working environment that meets today's requirements, and supports a sustainable and happier way to work in the future

PROVIDING A SAFE WORKING ENVIRONMENT

- The support to enjoy a safe, more sustainable and happier way of working
- For the safety of our staff and customers, we are using floor tapes and stickers to remind visitors of physical distancing and spaced seating guidelines

HELPING YOUR TEAMS ADAPT TO THE NEW FUTURE

- The ability to reduce risk by enabling remote working on a global scale, supporting any workstyle
- We can provide immediate support with tailored solutions today, without commitment or risk, so your business can adapt as needs change
- We have created health and safety guidelines for our workspaces, which are clearly visible in strategic locations in our centres

IT & Telephony – options and upgrades

Give your technology a boost

Whilst our standard IT package provides the level of internet and connectivity most businesses require, we recognise some businesses need additional IT support.

Dedicated bandwidth

Ensure guaranteed download and upload speeds at all times across our network.

Rack space

House your equipment in our secure, temperature controlled onsite comms room.

Networking

Add Public and Private IP addresses for office networking and connection to servers outside the centre.

Engineering

Our expert team of IT engineers can support the work you need to optimise your IT and network.

If you need telephone answering services, our dedicated team can answer your calls in your company name and transfer them or take a message.

Call packages

Our call packages deliver great savings for customers with high telephone use.

Call answering

Professional receptionists answer your calls and enhance your business presence.

Additional numbers

Take additional landline numbers

Call recording

We forward you a recording after each call (subject to availability and local laws)
